

AlcoholEdu for High School Arrives in Oklahoma!

The Oklahoma Department of Mental Health and Substance Abuse Services is pleased to announce **Oklahoma' Statewide Adoption** of the Evidence-based curriculum, AlcoholEdu for High School as part of its **2 Much 2 Lose (2M2L)** underage drinking and prevention campaign. AlcoholEdu is an online alcohol prevention course designed to impact entire student populations by engaging today's teens using the tools they love -- the Internet, videos, and project-based learning.

The State of Oklahoma is a leader in its prevention efforts and understands the importance of establishing a solid educational foundation to help students make safer and healthier decisions about alcohol, which in turn reduces dropouts, and other associated negative consequences.

As such, every high school across the state is encouraged to implement AlcoholEdu for High School. The program is available AT NO COST to Oklahoma high schools.

To Sign Up

Fill out Data Protection Agreement and submit to contracts@everfi.com or fax to 202.450.3967

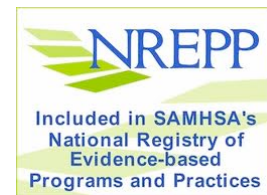

To Demo Course

1. Go to everfi.com/login
2. Username = alcoholedu@everfi.com
3. Password = password

Please note: This account is for training purposes, and should not be shared with students. Also, since it is a demo account, all of the modules are unlocked and are accessible in any order. In the actual course, the student experiences a linear progression and must visit each module in order.
